Currently, the Group's focus will be on the removal from SGX watch-list via assets acquisition. Subsequent to the acquisition of Beijing Vast Universe, the Group is still continuing to look out for potential and profitable target assets. The utmost priority for the Group is to be profitable in 2017 and exit the Watchlist.

The Group is exposed to foreign currency risk from cash and cash equivalents denominated in United States Dollars, contributed by the issuance of \$43.7 million Tranche 2 subscription shares during the period. Management is working to manage its foreign currency risk exposure within acceptable parameters.
